## "German Syrup"

A Farmer at Edom, Texas, says:

"We are six in family. We live in a place where we are subject to violent Colds and Lung Troubles. I have used German Syrup for six years successfully for Sore Throat, Cough, Cold, Hoarseness, Pains in the Chest and Lungs, and spitting-up of Blood. I have tried many different kinds of cough Syrups in my time, but let me say to anyone wanting such a medicine—German Syrup is the best. That has been my experience. If you use it once, you will go back to it whenever you need it. It gives total relief and is a quick cure. My advice to everyone suffering with Lung Troubles—Try it. You will soon be convinced. In all the families where your German Syrup is used we have no trouble with the Lungs at all. It is the medicine for this country."

Men's Underwear in England.

An amount of luxury is now put into summer flannels which not so long ago would have been deemed fabulous. The greatest advances have been made in the intermixing of silk with the wool, either in toto or used for the colored stripes upon the white woolen ground. The beauty of these goods has permitted the nightshirt to regain much of the ground taken from it by the extraordinary popularity which pajama suits have enjoyed of late years.

Small dressers, or rather undershirts, have quite abandoned the linen nightshirt in favor of either silk or flannel, at the present moment, giving the preference to such as I have named above. In underwear there is not much change except in that patterns and fabrics are very quiet. Little silk is being shown, because there are so few Americans here to buy it, Englishmen going in much more for light gray "natural wools."

The English system of making drawers is somewhat more elaborate than ours, inasmuch as they go in for a sort of abdominal supporting waistband or "belt," as it is called, buttoning with as many as eight buttons in front, and lacing through eyelet holes behind. The idea of a tight abdominal bandage comes, like pajamas, sashes and twenty other specialties, from England's hot exotic possessions. Returning colonists bring a good idea home with them and it speedily becomes the rage for hot weather wear.—London Cor. Clothier and Furnisher.

The Trout Caught the Diamond. This is the way the latest fish story is told hereabouts: Joseph S. Frey and William Bercaw were trout fishing up in Monroe county on Saturday. While forcing his way through a thick clump of bushes overhanging the stream Bercaw saw a good sized trout dart out from a bank of the creek and pass directly beneath him. Working his way to a secluded nook a few feet above, the anxious angler cast his fly with such skill that in a few seconds he caught and safely landed a speckled beauty about ten inches in length. He made a second effort, but could get no more trout there.

Well, the fishermen continued on their way until their sport had ended and they seated themselves to clean their fish, of which, of course, they had a fine lot. On opening one of the trout the fish was found to contain a diamond shirt stud. This caused Bercaw to look for his diamond, when it was found to be missing. Then it flashed to the fisherman's mind how fortunate he had been—that in passing through the brush his diamond had been forced from his shirt front; the trout he had seen dart in front of him had swallowed the jewel, and then he had succeeded in capturing the fish.

To a reporter who inquired of Mr. Bercaw concerning the truthfulness of the story, the latter declared it to be a fact in every particular.—Easton (Pa.) Express.

Forty Years a Recluse.

E. F. Lobb, brother of D. S. Lobb, residing at Pisco lake, in the Adirondacks, is expected to live but a short time. He has been a hunter and trapper for over forty years and now has consumption, although he did not go there for health and was not aware of any predisposition to pulmonary troubles.

Mr. Lobb was ambitious as a musician, but lost his hearing, spoiling his musical future, and in his disappointment went forty miles into the woods, built him a cabin by Pisco lake and took up the life of a hunter and trapper. He was there twenty-five years before Mr. Lardner knew where he was. Since that time Mr. Lardner has visited him, and he was here several years ago and spent several months, and was hero again more recently. His recluse life was remunerative and his furs were sold at the settlements.

During the progress of affairs at the lake, which has now become a popular resort, Mr. Lobb built him a comfortable home, and when O. B. Ives was at the lake he formed a very pleasant acquaintance with him.—New Britain (Conn.) Herald.

Two Moons in the Washington Sky. About 1 o'clock one morning recently a beautiful spectacle was presented in the northwestern sky. The moon was about 20 deg. above the horizon, and the air was so surcharged with moisture that a halo, with an apparent diameter of eighty feet, was formed. In some parts this halo was rather indistinct, but on the right hand of the moon, as one looked toward the south, the halo at one point gradually increased in brilliancy until there was a perfect mirage of the moon. The phenomenon continued for several minutes and then faded away. An observer thought that the best designation of it would be "moon dog," as it resembled the phenomenon which is produced sometimes by the atmosphere and the sun, with the exception that the sun has annually four "dogs."—Washington Post.

A Glorious Six Days' Go-as-you-please. Joseph Bowers, aged twenty-eight, and W. S. Renno, aged sixty-one, engaged in a six days' go-as-you-please corn hoeing match on their farms near Correctionville. Bowers hoed thirty-one acres of corn and Renno twenty-nine, and the old man was declared the champion. He challenges any man of his age in the state to hoe against him.—Cor. Chicago Herald.

Professor Barrett, chief of the department of electricity of the World's Fair, expects soon to pay a personal visit to the leading electrical manufacturers of the country, in the interest of the international exhibition. He has already received applications for space enough to fill a building twice the size of that set aside for this department.

## SUICIDE OF BALMACEDA.

The latest report from Chili regarding Balmaceda, late Dictator of the Republic, is that he took his own life at the Argentine Legation at Santiago, where he had sought refuge. As it had been reported that he had escaped from Valparaiso in the garb of an American man-of-war's man, on the steamer San Francisco, and subsequently that he had crossed the mountains into the Argentine Republic it is possible that the report of his suicide like the other reports concerning his escape, may be untrue. It is stated, however, in confirmation of the report of his suicide that the body was viewed and identified by many acquaintances. A letter purported to have been written by Balmaceda, is telegraphed to the New York Herald, in which he is reported as saying:

"I acted all during the past eight months with the firm conviction that I was right. I had no one in the army in whom I could place any trust. My Generals were false to me; they lied all through the war. Had my orders been obeyed I believe that the battle of Conon would have resulted in a decisive victory against the enemy."

"My heart all through this trouble has been with Chili. I sought to rescue my country from foreign domination. I strove to make her the first republic in America. My enemies say that I was cruel. Circumstances compelled me to sanction certain acts, but many bad deeds that may have been attributed to my orders were never known to me until after they had been committed."

"Until the final battle at Placilla I had strong hopes of triumphing over my foes. Victory was assured by my Generals, Alarcos, Barbosa and Viel. They all lied. I now know those who only pretended friendship for me because of the money that was to be gotten out of me. All the money that I have in my possession is \$2,500. My wife gave it to me on the night of August 28th."

## OKLAHOMA LANDS.

Lands heretofore held as Indian reservations in Oklahoma Territory are by proclamation of the President thrown open to-day for settlement. The headquarters of the land hunters is at Guthrie, and that town is crowded to its utmost capacity. A new county has been organized and a county seat, which is called Tecumseh, has been laid out. The townsite will be cleared of all persons and at a given signal all who desire to enter the race for town lots can do so. It will be a "free for all" dash for farming lands and town lots, and the first on the ground can claim a homestead, or a town lot as the case may be. *Okansaw Lovers* is given and will not be recognized at the Land Office, and no rights to lands or lots can be acquired by those who surreptitiously obtain possession of them. That there will be hand to hand encounters and legal contests is not doubted, as there are more persons seeking lands and lots than can possibly be accommodated. If Congress would appropriate twenty or thirty millions of dollars for the redemption of arid lands and the money should be judiciously expended, the thousands who are now seeking homes could all be accommodated and prosperous communities would spring up where to-day only coyotes and jack rabbits are seen. This would certainly be as beneficial to the Government and to the people as expending millions on warships, which, as ex-Senator Ingalls truthfully says, will be antiquated and useless in a few years.

## MORROW TO SUCCEED HOFFMAN.

W. Morrow of San Francisco has been appointed United States District Judge for Northern California to fill the vacancy created by the death of Judge Hoffman. Mr. Morrow is a native of Indiana where he was born in 1843. His family removed to California in 1850, and he mined for a season on the John Day river in Oregon. In 1863 he was appointed to a position in the Treasury Department at Washington. Subsequently he studied law and was admitted to the bar in 1869. A year later he was appointed Assistant United States Attorney for California.

Mr. Morrow took an active part in politics, and elected to the Forty-ninth, Fiftieth and Fifty-first Congresses. He was an applicant for one of the vacant Judgeships in the Federal Courts of California and his friends expected that he would be appointed Judge of the new Circuit Court of Appeals, and are yet of the opinion that he will be.

The seventy-second session of the Sovereign Grand Lodge of I. O. O. F. is being held in St. Louis, Missouri. The attendance is large, representatives being present from all parts of the United States and the British Possessions. Thousands of Odd Fellows with their families from Missouri and adjacent States are in the city. The parade of the Cantons of Patriarchs Militant yesterday was very imposing. Addresses were delivered by Governor Francis of Missouri, the Mayor of St. Louis and other distinguished citizens.

Special to the Journal.

SAN FRANCISCO, September 21.—Billy Woods of Denver and Jack Davis of Omaha met at the Pacific Club to-night for a three thousand dollar purse. The men were evenly matched, weighing about 170 pounds each. Davis was seconded by Bob Fitzsimmons, and Jack Dempsey was referee.

The first round, after some feinting, Woods landed a light right hand body blow.

Second—Davis landed a right on Woods' ear. He then urged him to the ropes, playing his right on his ribs. A left drove tinged Woods' nose with red.

Third—Davis several times rushed Woods to the ropes, but he returned.

Fourth—Woods landed a good left on Davis' cheek. Several rallies followed, Woods cleverly ducking each time.

Fifth—Davis got in a couple of hot ones on the jaw, staggering Woods.

Sixth—The men are now getting to close quarters but taking no chances. Woods seemed disposed to clinch.

Seventh—Woods landed a short left on point of jaw, staggering Davis.

Eighth—Woods was sent to the ground twice with right swings as the round closed.

Ninth—Round opened with Davis chasing Woods around the ring on run, Woods hiding his face and Davis landing on the back of his neck. He suddenly retaliated with a right-hander on the jaw, dazzling Davis for a minute. The men then slogged each other at close range until both were groggy from hammering each other about the head. Woods caught him just as the gong sounded and Davis went down and was carried to his corner.

Tenth—Davis recovered quickly and rushed Woods about the ring.

Eleventh—Davis slipped to the floor in his own corner from the effects of Woods' two-handed drives. He was dazed and bleeding freely from the left eye and mouth. He appeared to be blinded with blood.

Twelfth—Woods brought blood from Davis' injured eye with his right-hand smashes.

Thirteenth—Woods had a swelling on the left chest. Woods caught Davis on the head with a right-hand smash, sending him down on one knee. As he rose, Woods again sent him to the ropes, smashing his helpless opponent with his right.

Davis was unable to respond, and appeared to be hanging on to the ropes. Fitzsimmons rushed into the ring, and a fight was narrowly averted between Woods and the wrathful New Zealander, who claimed a foul. The Denverites sided with their man, and the ring soon filled with a struggling, excited crowd of men, Dempsey vainly endeavoring to restore order. The police then entered the ring, and Davis announced he would give up the fight. The referee then declared Woods winner.

The Itata Libel Suit.

SPECIAL TO THE JOURNAL.

SAN FRANCISCO, September 21.—Advices received this morning state that while on the way from Ft. Bragg to Merse Landing the schooner Ivanhoe went ashore at Caztriville and will probably be a total loss.

The crew was saved. M. J. Madison of this city is the managing owner.

WASHINGTON, September 21.—A telegram received at the Navy Department from Admiral Brown announces his arrival at Callao this morning with the cruiser San Francisco, and states that he would leave there Friday for Aspinaco.

Deafness Can't Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube.

When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for

any of Deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

Cutting Array at San Quentin.

Special to the Journal.

SAN QUENTIN, September 21.—This evening as the prisoners were entering the dining room Henry, alias Dutchy, Baker stepped up behind James Bailey, a fellow convict, and stabbed him in the neck several times. The cutting was done with a shoemaker's knife which Bailey had concealed. Guard Lunt immediately caught hold of Baker, who attempted to cut him. Baker died in about five minutes. Prisoner Baker was committed from San Francisco in 1884 for fifteen years for burglary, and at a prior conviction to Folsom Prison, and was transferred to San Quentin in 1888. His record since being in prison is very bad. Prisoner Bailey was sent to Folsom from San Francisco in 1884 for robbery for fourteen years and transferred to San Quentin in 1888. His record is also bad, losing his credits for assaulting a fellow prisoner with a knife.

Oklahoma Boomers  
Special to the Journal.

GUTHRIE, O. T., September 21.—The land to be opened for settlement to-morrow noon consists of about 1,100,000 acres. Each Indian buck gets a quarter section and is a lawful "sooner," and has already picked out prize spots. He cannot sell his land for 25 years but during that time does not have to pay taxes. After the Indian land and land held for school purposes, has been deducted, enough remains for \$6,000 homesteads and about 20 men for every homestead are on the ground. The greater part of the crowd is not waiting to enter. The country is full of "sooners." The plan is for one man to go in and jump a claim and then turn it over to his partner, who starts in after a legal hour. Thus, between them they get a good claim. The Government has selected two sites for county seats, to be called Chandler and Tecumseh. The Government surveyors are not through with their work on town sites, and Governor Steele has announced that the sites shall not be taken up until the survey is finished. No attention will be paid to this, however, and the force of soldiers on the ground will not be large enough to keep the squad off.

A squad of negroes visited the cowboys' camp last night and declared that they would make a race for the Cimarron lands and if they got there first they would defend their rights with their lives. If the cowboys do not imbibe too much whisky that is being sent out by the wagon load, there will probably be no trouble.

## THE STATE FAIR.

Propitious Opening of the Eighth Annual Meeting.

Good Attendance—Exciting Races—Fine Exhibits Et Cetera—To-Day's Programme.

The first day of the Eighth Annual State Fair dawned with a cloudy sky. Just enough rain had fallen to lay the dust, cool the atmosphere and render the weather perfect for a thorough enjoyment of the week with its many interesting events.

All the incoming passenger trains for several days have brought large numbers of visitors, the freight trains bringing in the race stock and exhibits. The crowds on the streets, the long line of "buses" on Commercial Row, whose drivers vociferously shouted "just this way; first bus to the Fair grounds," and the crowded conditions of our public resorts denote more than extra interest, and give promise of the most successful Fair week in the history of Reno.

## THE STABLES.

The races this year bid fair to eclipse those of any previous year in point of number of entries and excellence of speed. The liberal purses offered in addition to the \$1,500 Reno stake has been the means of drawing to Reno some of the best stables on the coast. The Northern stables are well represented, as are also the California stables, and with our local stables fully represented will give the lover of horse flesh a rare treat.

## YESTERDAY'S RACES.

The crowd was average at the track for the first day. At 1 o'clock Cara's Band struck up a popular air, and this with the intermingled shouts of the pool sellers and the various devotees of chance made the scene lively and animated.

The first race was a mile dash. The Northern stables entered Canby Scott, J. Stephens entered Wild Oats, G. C. Owens entered Vinco, J. H. Smithson entered Kilgariff. Wild Oats sold as prime favorite with Canby Scott second and Vinco and Kilgariff in the field. At the signal they were all dashed forward, Wild Oats with a poor start. At the half-mile post they were even pace, but as they neared the three-quarter post shots of Canby Scott were heard, and the black and yellow dashed by an easy winner, Wild Oats second and Kilgariff third. Time 1:44.

In the second race only two started out of the five entries. W. F. Smith's Zalvidar and Winters' Valeria. This was for two-year-olds, five-eighths mile dash. Zalvidar came in an easy winner. Time, 1:03 1/4.

The third and last race of the day was a one and one-sixteenth mile dash between Bess Shannon, entered by Thompson, and Delmar, entered by Van Gorder. Delmar came in an easy winner. Time, 1:51.

The crowd then rapidly dispersed, and hacks and buggies dashed down the avenue loaded to the brim with well pleased spectators.

## THE EXHIBITS.

At the grounds the entries have not all been made, but Captain Marzen of Lovelock is there with his Humboldt herd of shorthorns, and Tom Herman of Wadsworth with his Cleveland bays. The stock exhibit will be good this year and by the middle of the week the stalls will be filled.

## AT THE PAVILION.

There is already a magnificent beginning. There are many improvements on last year in the way of conveniences. The space has all been taken and by the middle of the week the Pavilion will be the center of attraction.

## SNAP SHOTS.

This is Carson day at the Fair. More music, Mr. Cars. Hurrah for Bonny Scotland!

The Reno boys will look their best today.

The fair sex was well represented yesterday.

The heavens do not bid fair promise for today.

Even up on the red and blue. He bet on the red and then felt blue.

The boys, true to their nature, who bought Wild Oats reaped it in its true sense yesterday.

Frank Young was thrown from his horse while returning from the grounds, but was not seriously injured.

Marshall Booton met with a very painful accident yesterday afternoon. Just after the first race, as he was attempting to mount his horse the animal reared and partly fell on the General, striking him in the face with its fore feet. The General was carried to the entry-room, where Dr. Herdan examined him. His lip was split from the corner of his mouth to the point of his chin and laid bare to the bone. His forehead was bruised and his face otherwise slightly scratched, and he also wrenched his arm slightly and hurt his neck. He was confined to his residence and at last accounts was resting easily. Dr. Dawson, who was called to attend him, sewed up the wound. The doctor says the injuries are not serious.

Captain Jo Marzen of Lovelock is determined that Humboldt shall be represented in the live stock exhibit at the State Fair. He has entered 20 Durhams, with pedigree that would make the New York "Four Hundred" green with envy.

streets presented a very lively appearance during the evening.

The twang of the banjo, the strain of the piano and the cries of "two for one on the red," "even up on the blue," "ronde," etc., impresses one that Fair time has come with all of its old-time racket.

The Electric Light Company will run the 10 o'clock circuit until 12 o'clock and the street lights and incandescent system much later than usual during the week, so that all will have an abundance of light.

The Directors have made arrangements for a 20-mile relay race to take place during the fair.

There will be a competitive drill for a gold medal between Companies A and B, University Cadets, next Friday.

TO-DAY'S RACES.

There are four races on the programme for to-day.

The first is a running half mile and repeat for a purse of \$200, of which \$50 to second. The entries are Joe Harding, Mackey and Vinco.

The second is for the Reno Stake; for all ages; \$100 each, with \$1,500 added, of which \$250 to second, third horse to save entrance. The following horses will start: Bessie Shannon, Almot, Wild Oats and Nevada. In the pools last night Nevada sold against the field at 10 to 6.

The third is a quarter-mile dash for a purse of \$100. The entries are R. N., Cap and Elaine.

The fourth—trotting, 2:10 class, for a purse of \$300, \$150 to first; \$100 to second and \$50 to third. Filled with the following entries: Pepper & Beal's Flora Bell, Mr. Holland's Boz, R. Stewart's Esmeralda, D. D. Newman's Robert L. W. H. Blanchard's Anto Jr., G. A. Doherty's Lady Mac.

## STOCK PARADE.

There will be a stock parade this morning at 10 o'clock, another on Thursday and the final one on Saturday. There are a large number of entries and some fine stock will be on exhibition.

## A REQUEST.

The Directors of the State Agricultural Society request all business houses in Reno to close their respective places of business on Friday, September 25th from 11 A. M. to 6 P. M. to enable all to attend the races, and trust all will comply.
